

The background features a gradient from light green at the top to dark blue at the bottom. On the left side, there is a large, semi-circular scale with numerical markings from 140 to 260 in increments of 10. Several circular and semi-circular lines, some solid and some dashed, are scattered across the image, some with arrows indicating a clockwise or counter-clockwise direction. The overall aesthetic is clean, modern, and technical.

# MY CULTURAL INQUIRY PROJECT

BY LUC PRIMEAU

# OUR BEGINNINGS

- My parents names are Laurier and Gladys Primeau. My dad was born March 1<sup>st</sup> , 1970 in Vancouver and my mom was born May 11<sup>th</sup> , 1977 in Surrey. My dad's elementary school was James Ardiel for kindergarten to grade 6. For 7 he went to Harold Bishop. My mom's elementary school was Bonnaccord Elementary. Did you know that my dad has had 7 jobs and my mom has 17 cousins!

# OUR BEGINNING

- My brother's name is Marcus Primeau. He was born May 26<sup>th</sup> 2010 at BC Woman's Hospital. His first way to move was by crawling and he learned to walk at 1 year old. Also his first word was momma. something special about him is that he is super tough. When he was 2 an outdoor cat came to our door. My mom opened the door and we started playing with the cat. All was fine until the cat scratched Marcus! But surprisingly he didn't even cry one bit! Another reason Marcus is tough is because when he was 7 we were camping and we accidentally ran through a person's campground and startled a dog. Then the dog suddenly bit him! It was the biggest bruise I've ever seen but again no crying! That is some facts about Marcus.

# MY BEGINNING

My name is Luc Primeau. I was born on January 23<sup>rd</sup> 2007 at BC woman's Hospital. When I was young I lived on the mountain in Harmony. But my parents knew we wanted another child eventually and would need more space. When I was 1, we moved to a much bigger house down the mountain. When I was younger my way to move was to crawl. I learned to walk at 13 months old and my first word was cheese but I pronounced it "cheesh". When I was younger we used to watch a lot of hockey games. My first one was a Canucks playoff game! I think something that's special about me is how I've loved hockey since I was born. Another thing I think is cool about me is that when I was younger I would make my dad sing the national anthem before we played sports.

# MY LEARNING JOURNEY

- I go to University Highlands Elementary school. I have been going here for 6 years. Before I went to school I went to a preschool in Scotland named Hyndland. I only went there for less than 7 months so not that long. Once we returned from Scotland I went to a daycare called Sky Fire. I went there for a pretty long time. After grade 6 I will take a test to try and get into a private school named Vancouver College. If I don't get in I will spend grade 7 here, if I do get in I will move to Vancouver College. So I'll have to make the most of my next few years here.

# OUR LANGUAGES

- In our house we only speak English but my mom and her whole side of the family speaks Cantonese. Also my dad speaks a tiny bit of French. This is how you pronounce goodbye in Cantonese, joy geen, and this is how you pronounce how are you doing, lay ho mah. Also Cantonese was my mom's first language. I hope I learn at least a tiny bit of Cantonese before I get to old to learn.

# OUR FOOD

- In our family my mom and my mom's grandma cook. So we usually eat Chinese food. The most common thing to eat if we don't go out is rice, broccoli and chicken. If we do go out we usually go to pho or sushi because pho is my favourite food and sushi is my brother's favourite food so sometimes we argue about where to go. My dad's favourite food is seafood risotto and my mom's favourite food is anything Asian. Me and my brother's favourite restaurant is Italian Kitchen, you can buy a 4oz tenderloin steak with a side for only 8 dollars and it's a nice fancy restaurant too! Also I've been to the restaurant Le Crocodile. It's a French restaurant and it's really good. The time I went there we got to go in the kitchen. In the kitchen we got to write on a cake and try a deep fried Mars Bar. It was really cool and interesting. I recommend those two restaurants but they are pretty expensive so go there only on special occasions.

# OUR CULTURAL EVENTS AND TRADITIONS

Our family celebrates a lot of things. We celebrate Chinese New Year and Thanksgiving with my mom's side of the family, we also celebrate Christmas, New Years, Easter, an annual camping trip in the summer and this year we celebrated Thanksgiving with my mom's friends. With my dad's side of the family we celebrate Thanksgiving but this year we didn't for some reason. Lastly we celebrate Halloween with my dad's friends.

# OTHER INTERESTING DETAILS

- Something that is unique about our family is that we go to a lot of sporting events and go on a lot of trips. I have been to over 5 Canucks games, 6 football games, 5 soccer games, 4 monster truck shows, 1 NBA game and the opening ceremony for the 2010 winter games. On the traveling side I've been to the Canary Islands, the top of the Eiffel Tower in Paris, Las Vegas 4 times, Disney Land 4 times, Disney World once, California Adventure once, Lego Land once and Hawaii 5 times. Also I'm spending 11 days in the Philippines for Christmas. That concludes my slide show and I hope you learned and enjoyed my presentation.

THANK YOU!
